LINCOLN

- Size: 53-18
- Shape: Square
- Material: E7 Acetate

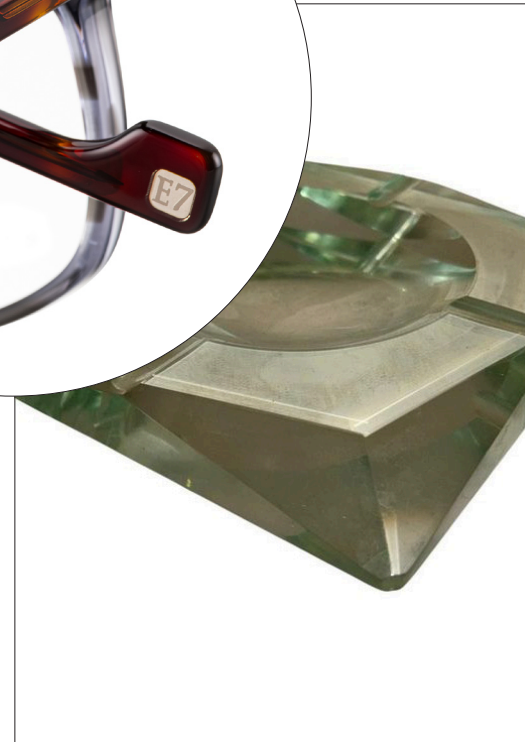

Simplicity meets bold style with Lincoln. This striking frame features a chunky acetate front with a clean, square design that eliminates the traditional nose bend, offering a sleek, contemporary silhouette. A sharp edge cut along the top and skull temples adds drama, while unique color variations reveal a distinctive lined wire core for subtle sophistication.

Introducing Palm Viper by Entourage of 7: Elegance with an Edge

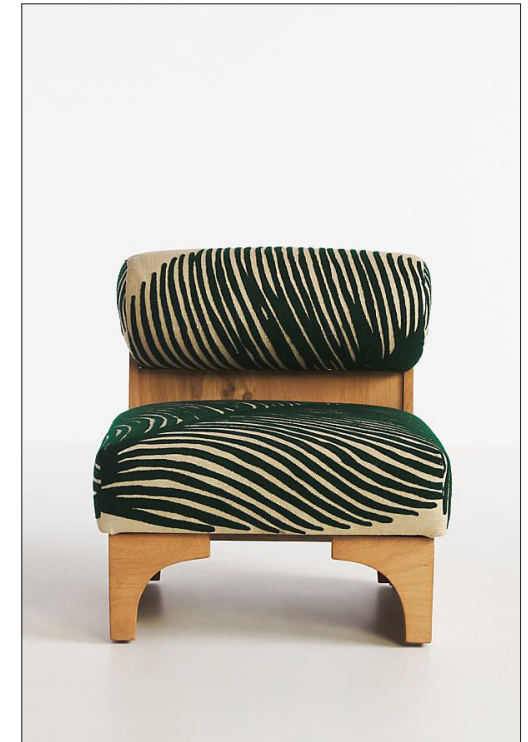

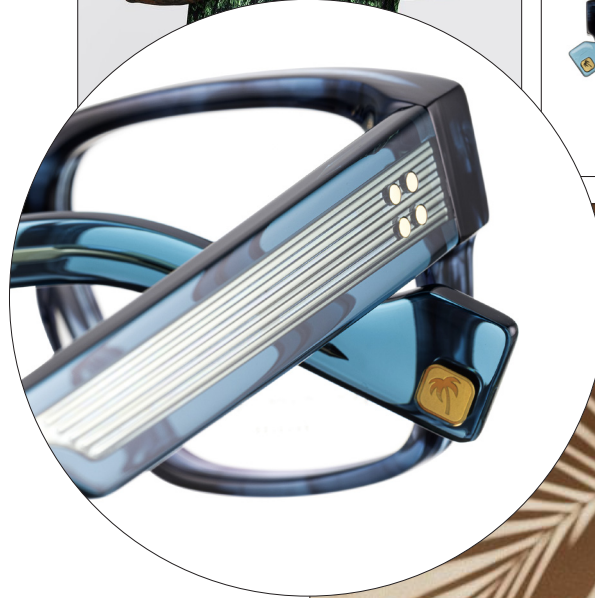

In the heart of Los Angeles, beauty and danger walk hand in hand. The city's iconic palm trees sway serenely in the breeze, but beneath their shade lies an edge of mystery, a thrill that quickens the pulse. Inspired by this allure, Entourage of 7 presents Palm Viper—a new limited production line of frames that captures LA's contrasting essence: the beauty of the palm and the hidden bite of the viper.

Palm Viper debuts in three distinct styles, each embodying this dual nature.

For those ready to embrace the allure of Los Angeles, Palm Viper will be unveiled for the first time at the OPTI show in Munich, January 2025. Here, Entourage of 7 invites you to experience beauty and boldness fused into frames that won't simply sit quietly on the shelf—they're designed to leave an impression, to remind you that beneath elegance, there's always a bite.
